welcome!

SPE has become the largest association devoted to photography and related media as it applies to education, practice, and scholarship. Our membership is primarily in the educational sector—**artists, educators, scholars, entrepreneurs, and students**—and closely connected to

your business initiatives. From its beginnings at a teaching conference in 1962, SPE has grown into a mature professional organization, 2,000 members strong and growing. SPE maintains its dedication to the educational advancement of its members and the institutions they represent.

Our vibrant annual national conference is the keystone of our programming and provides a great opportunity for you to meet face to face with representatives from this market. Each spring approximately 1,400 attendees gather at SPE's four-day symposium.

Filled with plenary sessions, featured speakers, workshops, portfolio reviews, and social events, the conference also hosts an Exhibits Fair situated in the center hub of conference activities. The fair features the latest and greatest equipment, supplies, books, and opportunities in the field.

SPE members and their contacts represent a huge market share. Educators not only make individual purchases, but they also make substantial departmental purchases, and influence the buying decisions of thousands of students every year.

SPE will help you meet your primary business objectives:

- Make new contacts.
- Generate new sales leads.
- Build brand awareness for products and services.
- Announce, showcase, and demonstrate, your newest products.
- Demonstrate your support for the photographic community and commitment to education.

The many advantages of SPE's unique exhibits fair:

- The **ONLY** exhibits fair for the photographic education sector.
- Reach over 1,400 potential customers in one place.
- Free and open to the public so an even greater audience can be reached!
- Choose from a complete menu of sponsorship options to help achieve your sales and marketing goals.
- Get your message out before, during, and after the show—SPE offers postal and email lists of conference attendees and members.
- Meet face-to-face with current and existing customers, as well as create new relationships with prospects.
- Direct Sales opportunity—attendees look to place orders directly on the show floor.
- By featuring SPE's Silent Auction & Raffle, a presentation space, coffee service, and other receptions and programming on the exhibits floor, SPE has designed a program to optimize your booth traffic.
- Make an impact with a small, manageable budget.

This is an exciting and effective way to reach out to the photographic education market. Don't miss your opportunity!
