

SPE Partner Information & Packages

Society for Photographic Education (SPE) is pleased to launch SPE Partners, a reinvigorated, simplified, value-added, and more accessible membership program to replace our current Institutional Members and Corporate Partners programs.

The SPE Partners program offers three packages which provide flexible opportunities for schools, businesses, and nonprofit organizations to subsidize faculty, staff, students, and broader community participation in SPE. As a partner, you gain access to SPE's community of photographers, artists, educators, students, industry representatives, thought leaders, scholars, and writers. And, with Package 1, you can enhance your photography collections on an annual basis!

SPE is committed to an equitable and inclusive environment where all members have agency to contribute. Through our programming, annual conference, chapter events, and web presence, we represent the diversity of our membership including difference in gender, sexual orientation, ability, ethnicity, socioeconomic status, and religion. Toward this, SPE Partners was created in response to member input to accommodate the ever-changing needs of not-for-profit, educational, cultural organizations, businesses, and their affiliated groups.

Your support helps in our shared commitment to growing the practice and educational reach of photography, year-round. Become an SPE Partner today!
