

CALL FOR ENTRIES

BLOSSOM - INTERNATIONAL FLORAL PHOTOGRAPHY EXHIBITION

ENTRY DEADLINE - MAY 1

EXHIBITION DATES - JUNE 5 - 22, 2026

Open to all photographers internationally.

Flowers in full bloom, new plant life growth, or the simple emergence of blossoming petals, is a renewal for the senses after the long winter. During this season of new growth the Blossom exhibition will celebrate photographs of flowers and plants in all their forms. Photographs of floral and plant imagery captured through the exploration of nature photography, the still-life genre or through various photographic approaches are the types of images that we are seeking to feature for this exhibition. All photographic interpretations are desired; images of flowers and plants from subtle to bold, Blossom will represent images from a wide spectrum of blossoming plant varieties that are grown and appreciated in our lives.

Each photograph will be considered based upon the merit of individual images submitted by each artist. Series based entries are not necessary. Selected artists will have their work featured in the exhibition and online.
