

Gallery Photoland at The Evergreen State College is accepting exhibition proposals for the upcoming academic year (2025-2026)

Gallery Mission:

Gallery Photoland is a non-traditional exhibition space that showcases established photographic artists who represent diverse experiences and world views. The Gallery functions to spark ideas and support connections across the Evergreen community; it is a place for inspiring students about possibilities in fine arts beyond the shores of Eld Inlet.

The Gallery hosts exhibitions aligned with the mission of The Evergreen State College.

Gallery Photoland, The Evergreen State College, Evans Hall, 1st floor.
2700 Evergreen Parkway NW, Olympia, Washington 98505

About the Gallery:

Gallery Photoland is a quirky space located in a main thoroughfare of the central building on campus, Evans Hall. It is not an enclosed space so it sees visitors and foot traffic of all users of the building

facilities (students, staff, faculty, and the general public). For this reason, some artwork that is highly sensitive and/or triggering may not be accepted.

The gallery consists of:

- (3) 20' walls with slated wood paneling (ceiling hanging mechanisms for display)
 - (1) 7' wall with slated wood paneling (ceiling hanging mechanisms for display)
 - (2) 9' walls with optional hanging mechanism or direct install to the wall (these are where we typically install monitors for audio/video work)
- Track lighting throughout the gallery.

Photos of the space are available [on our website](#).
