### About the competition

Soho Photo Gallery, New York City's longest running cooperative photography gallery and the originator of the Krappy Kamera® Competition, is looking for extraordinary photographs made with lousy lenses. Examples of some Krappy Kameras are the Holga, Diana, Ansco, and pinhole cameras. You can create your own Krappy Kamera by using your non-Krappy Kamera (e.g. 4x5, SLR, DSLR) and exchanging the lens with a Krappy Lens (e.g. pinhole body cap or Hoga-type lens). Cell phones, disposables and point and shoot cameras are ineligible. Remember, just because a camera is old and moldy doesn't make it Krappy. The lens is the determining factor.

### The Juror

Ann Jastrab is the Executive Director at Center for Photographic Art in Carmel, California. She was formerly gallery manager at Scott Nichols Gallery and gallery director at Rayko Photo Center, both in San Francisco. She juried Rayko's famed International Plastic Camera Show for ten years. Ann has juried, curated and organized exhibitions nationally and internationally. She is a fine art photographer, a master darkroom printer and teacher.

### Eligibility

The competition is open to all photographers age 18 years old and older, excluding members of Soho Photo Gallery.

### Awards

First, second, and third place will be awarded, as well as three honorable mentions.
