

Student Scholarship Opportunities

SPE National Conference, March 10-13, 2011, in Atlanta, GA

SPE student members can apply for scholarships to offset the cost of attending the 2011 national conference. A 2011 national conference fee waiver and a one-year membership to SPE are provided by SPE in addition to the cash award.

SPE AWARDS

Ten SPE Awards are offered and feature a \$500 travel stipend to attend the national conference.

THE SPE AWARD FOR INNOVATIONS IN IMAGING IN HONOR OF JEANNIE PEARCE

The SPE Award for Innovations in Imaging in Honor of Jeannie Pearce is open to all eligible students working primarily with digital technology and is designated for work only possible because of emerging digital technologies—no alternative processes or gelatin silver prints. A project description describing how the work is possible as a result of emerging digital technologies is required as part of the submission process. Jurors will seek to award work that demonstrates the most innovative, freshest and unique uses of digital technologies.

THE FREESTYLE CRYSTAL APPLE AWARD FOR OUTSTANDING ACHIEVEMENT IN BLACK AND WHITE PHOTOGRAPHY

The Freestyle Crystal Apple Award for Outstanding Achievement in Black and White Photography is generously sponsored by Freestyle Photographic Supplies. Freestyle's goal in offering this award is to provide greater support for students working in traditional black and white silver imaging and alternative processes. One student will be awarded a \$5,000 cash prize. The sponsoring faculty member will be presented with an engraved crystal apple, a 2011 national conference fee waiver, and a one-year membership to SPE. Please note: sponsoring faculty must teach at the institution where the student is currently enrolled. All light-sensitive processes, including alternative processes (Van Dyke brown, platinum, albumen, gum bichromate, cyanotype, kallitype, salt, liquid emulsion, lith printing, hand coloring, bromoil, modern day tintype, etc.) are eligible for this award as long as the end product is a gelatin silver or handmade alternative process print. No digital prints accepted.
